### SESSION 7: COMPLETION!

---

#### HOMEWORK & PREPARATION

##### Session Reading:

If you have not already, finish *The Art of Convening: Authentic Engagement in Meetings, Gatherings, and Conversations*

**Handouts:** download from blog

##### Session Focus

- Your Case Study
- Coaching Council with Case Studies presentations
- Journaling/Training completion

#### YOUR CASE STUDY REMINDERS

Please come prepared to share your Case Study in whatever condition or stage it is in.

##### Writing your Case Study:

The expectation: prior to completion of the training you will complete your Case Study in writing, via the Meeting Design Worksheet, accessible on the AoC Learning Blog.

#### COUNCIL PROCESS & COACHING COUNCILS

The Case Study process utilizes your colleagues as a “Coaching Council” to listen and respond to your Case Study. Craig, as the Convener, will utilize a modified Council Process as an efficient method for tapping into the collective wisdom of any group.

If you are seeking a direct honest response to any question or request use the Council Process method for genuine 360-degree assessment of any situation.

##### Journaling Questions

*Your responses will be discussed during the session call*

- What is calling you, in your expression as a Convener?
- What are your core learnings and gifts from your experience of the AoC Core Training?
- What are you now committed to as a Convener?
